

Big Chevron Scarf in Autumn Colors

Easy Scarf Knitting Pattern

Big Chevron Scarf by Ratchadawan Chamber at www.to-knit-knitting-stitches.com

This soft and furry scarf is everything you ever need. It can be worn as a scarf, a shawl and a body wrap for a chilly day. The scarf body is knitted in chevron and feather stitches. It's easy enough for beginners and yet it look so elegance. Try choosing the yarn in a single color or two but definitely not tree. The yarn should be smooth in texture so that the pattern can stand out better.

I bought the yarn which I made this scarf with a long time ago and I can't even find it now. It's made out of soft acrylic and has furry effect to it. It's so comfy and cozy that I also knitted a vest for my twin girls when they were a year old.
